A class of very high standard overall, with superb plant materials having been chosen. Use of positive and negative

space is excellent. All exhibits well displayed.

The balance of a horizontal exhibit requires further thought in many designs. Multiple diagonal placements can be conflicting against horizontal lines.

Very Highly Commended: Bhawani Bansal, India and Nimita Shah, Kenya

Highly Commended: Priya Shah, Kenya and Shandana Bangash, Pakistan

Commended: Jane Patterson, UK Anjum Muddassir, Pakistan and Pratibha Tewary, Kenya
